

## **MEMBERSHIP APPLICATION - ALLEGHENY RIVER TRAIL IN CLARION COUNTY, INC.**

To: Supporters of the Bike Trail Emlenton to Foxburg, (and later further South in Clarion County)

From: Robert L. Jennings, Jr., Esq. & Ann Marron – ARTinCC Board of Directors

Re: Membership Application for CY 2020, @ 10/24/2020.

### **Why Should I Become a Member?**

- Within the last 2 weeks, we concluded a major settlement with one landowner, and DCNR awarded 50% of the purchase price of the Hunt Bros. property next to the Foxburg Bridge. We now have a full mile of bike trail we can develop, plus 1.5 acres for a community park by the bridge. All we need is money to set things in motion.
- DCNR and other funders want us to show community support, thus by becoming a member, you show you care about this trail, and you want funders to financially support its construction.
- ARTinCC needs your financial support to the extent you have the resources to help us, so that we can pay customary expenses, such as liability insurance premiums, accumulate cash to meet the match requirements of grant applications, and purchase materials to build and repair the trail.
- The bike trail will be a free asset for the public, and if you join and contribute, you can claim part ownership of this amazing project.

### **How do I Become a Member?**

- Send your 2020 membership donation by check in whatever amount and membership level you feel is meaningful to you, to ARTinCC, P.O. Box 325, Foxburg, PA 16036. Also, fill out the contact info below, so we can notify you of events, and major developments.
- In future years, you are under no obligation to continue giving at the same, less or a higher level – it's completely up to you. Each gift will be acknowledged in writing by ARTinCC, regardless of whether you ask that the gift remain anonymous to others.

### **Why should I donate Beyond a Basic \$25 Membership Level?**

- If you really care about something, you should give at a level that represents your desire that your money be well spent and help accomplish your goals. ARTinCC definitely needs your help be it large or small, and both our accomplishments and expenditures will be open to review by members.
- We cannot make a full budget until engineers examine and price out the challenges we will face to build the trail. The 3 miles between Emlenton to Foxburg easily could cost \$100,000 to >\$200,000 per mile to fully build, thus if our match is ½ of that amount, you can see that we must raise immense sums of money.

### **What Are the Annual Membership Levels?**

- \$25 - Basic Individual, Couple or Family Membership.
- \$26 - \$99 - Friend of the Trail.
- \$100-\$249 - Really Good Friend of the Trail.
- \$250-\$499 - Allegheny River Ally.
- \$500-\$999 - Trail Companion.
- \$1000-\$2499 - River Master.
- \$2500-\$4999 - Bridge to a Better Future.
- \$5000 or Above - Visionary.

**Gifts will be acknowledged in ARTinCC's annual report, and on our website when developed, unless a donor requests that their generosity not be disclosed.**

**Donations by Businesses will credit the business, unless no disclosure is requested. Large gifts will be acknowledged at Trailheads.**
